

XXVII IUSSP International Population Conference
XXVII^e Congrès international de la population (UIESP)
Busan, Korea ▸ 26-31 August 2013

List of themes and sessions with cross-listed sessions

Theme 1 Sexuality and reproductive health

01-01 Sexuality and reproductive health

Theme Convener: Akinrinola Bankole, Guttmacher Institute

- 01-02 Evaluation of family planning and reproductive health programmes
Janine Barden-O'Fallon, University of North Carolina at Chapel Hill
- 01-03 Advances in research on abortion
Susheela Davi Singh, Guttmacher Institute
- 01-04 Sexual and reproductive health services to meet men's needs
Ilene Speizer, University of North Carolina at Chapel Hill
- 01-05 Contraception, unintended pregnancy and induced abortion
Fatima Juarez, El Colegio de México
- 01-06 Improving reproductive health services: Is integration with primary healthcare better than vertical programmes?
Stella Babalola, Johns Hopkins University
- 01-07 Infertility: addressing its causes and providing treatment
Sayeed Unisa, International Institute for Population Sciences (IIPS)
- 01-08 Repositioning family planning
Zeba Sathar, Population Council
- 01-09 Family planning programmes and the reduction of fertility: lessons learned
Nam-Hoon Cho, Hanyang University
- 01-10 Contraceptive use dynamics in developing countries
Iqbal Shah, Susan Thompson Buffett Foundation

P1 Poster Session for Sexuality and reproductive health
Akinrinola Bankole, Guttmacher Institute

See also:

09-06 Adolescent pregnancy and fertility
Catherine Menkes Bancet, Centro Regional d'Investigaciones Multidisciplinarias

12-04 Fertility and reproductive health: examining links with the environment
Lori Hunter, University of Colorado at Boulder

17-10 Projecting contraceptive prevalence and unmet need
Jean Christophe Fotso, African Population and Health Research Center

Theme 2 HIV/AIDS and STDs

02-01 HIV/AIDS and STDs
Theme Convener: Sara Hertog, United Nations

02-02 Access to and impact of HAART
Cecilia Gayet, Facultad Latinoamericana de Ciencias Sociales (FLACSO)

02-03 Reducing the vulnerability of adolescents and young people to HIV and STIs
Chi-Chi Undie, Population Council

02-04 Fertility and health among discordant couples living with HIV
Chimaraoke Izugbara, African Population and Health Research Center (APHRC)

02-05 Estimating needs for HIV services: current shortfalls and future forecasts
Simon Gregson, Imperial College London

02-06 The demographic and socioeconomic consequences of HIV/AIDS
Basia Zaba, London School of Hygiene and Tropical Medicine

02-07 Sexual behaviours and the spread of sexually transmitted infections, including HIV
Monica Magadi, City University London

P2 Poster Session for HIV/AIDS and STDs
Sara Hertog, United Nations

Theme 3 Health, mortality and longevity

03-01 Health, mortality and longevity
France Mesle, Institut National d'Etudes Démographiques (INED)

- 03-02 Life-course influences on health and mortality
Irma Elo, University of Pennsylvania
- 03-03 Rapid mortality decline in developing countries and its theoretical implications
Zhongwei Zhao, Australian National University
- 03-04 The impact of economic downturns on health and mortality
Tim-Allen Bruckner, University of California at Irvine
- 03-05 Crisis mortality: documenting the effects of conflict, famines and natural disasters
Helge Brunborg, Statistics Norway
- 03-06 New approaches to the collection and analysis of data on mortality and cause-of-death
Samuel Kelodjoue, National Institute of Statistics and University of Dschang (Cameroon)
- 03-07 Age patterns of adult mortality in relation to causes of death and increasing longevity
Siu Lan Karen Cheung, The University of Hong Kong
- 03-08 Health in urban areas
Tiziana Leone, London School of Economics and Political Science
- 03-09 Health and mortality in Eastern Europe
Tatiana Komarova, Institute for Complex Analysis of Regional Problems, Russian Academy of Sciences
- 03-10 Gender differences in health and mortality
Jung Ki Kim, University of Southern California
- 03-11 The impact of health interventions and programmes on mortality
Gilles Pison, Institut National d'Etudes Démographiques (INED)
- 03-12 Trends and differentials in disability: challenges in measurement
Alicia Marta Bercovich, Instituto Brasileiro de Geografia e Estatística (IBGE)
- 03-13 Explanations for diverging mortality trends in high-income countries
Eileen Crimmins, University of Southern California
- 03-14 Health and mortality in childhood, including differences by sex
Godelieve Masuy-Stroobant, Université Catholique de Louvain
- 03-15 Migration and health
Gordon F. De Jong, Pennsylvania State University
- 03-16 Timing and speed of the mortality transition in European countries

James W. Vaupel, Max Planck Institute for Demographic Research

03-17 Pathways to health: direct and indirect effects of early life conditions on later health

Mikko Myrskylä, Max Planck Institute for Demographic Research

P3 Poster Session for Health, mortality and longevity

France Mesle, Institut National d'Études Démographiques (INED)

See also:

08-02 Health and ageing in low, middle and high-income countries

Mary McEniry, University of Michigan

09-04 The determinants of health behaviours among adolescents

Deladem Kusi-Appouh, Cornell University

13-02 Biological and behavioural aspects of health and mortality

Alberto Palloni, University of Wisconsin at Madison

13-04 The genetics of health and mortality

Gil Bellis, Institut National d'Études Démographiques (INED)

14-04 Right to health in developing countries

Sheikh Mohammed Shariful Islam, International Center for Diarrhoeal Diseases Research, Bangladesh (ICDDR,B)

15-05 Financing universal health care in developing countries

Gilda Salvacion Diaz, Philippine Health Insurance Corporation

17-05 Indirect methods of mortality and fertility estimation: new techniques for new realities

Ian M. Timaeus, London School of Hygiene and Tropical Medicine

17-09 Methods to project mortality, including by considering causes of death

John R. Wilmoth, University of California, Berkeley

17-13 Foetal mortality: changes in depictions and procedures over time and their implications

Vincent Gourdon, Centre National de la Recherche Scientifique

18-03 Health and urban mortality experience before and throughout the health transition

Lucia Pozzi, Università degli Studi di Sassari

20-07 Health of immigrant populations in East Asia

Robert A. Hummer, University of Texas at Austin

Theme 4 Fertility

04-01 Fertility

Theme Convener: Teresa Castro Martin, Consejo Superior de Investigaciones Científicas (Spain)

- 04-02 Fertility intentions and reproductive ambivalence
Sara Yeatman, University of Colorado Denver
- 04-03 Will middle-income countries reach below-replacement fertility?
Beatriz Figueroa Campos, El Colegio de Mexico
- 04-04 Public policies and low fertility
Minja Kim Choe, East-West Center
- 04-05 Can the speed of fertility decline in sub-Saharan Africa be accelerated?
Holly Reed, CUNY Institute for Demographic Research and Queens College, City University of New York
- 04-06 Low fertility: theories and empirical evidence
Anne H. Gauthier, Netherlands Interdisciplinary Demographic Institute (NIDI)
- 04-07 Family dynamics and fertility: the role of men
Livia Olah, Stockholm University
- 04-08 Consequences of the timing of childbearing for fertility trends and gender equality
Wendy Sigle-Rushton, London School of Economics and Political Science
- 04-09 Childlessness
Roderic P. Beaujot, University of Western Ontario
- 04-10 Recent fertility change: quantum and tempo effects
Thomas Spoorenberg, United Nations Population Division
- 04-11 Socioeconomic differentials in fertility and family formation
Zhenzhen Zheng, Chinese Academy of Social Sciences
- P4 Poster Session for Fertility
Teresa Castro Martin, Consejo Superior de Investigaciones Científicas (Spain)

See also:

- 01-07 Infertility: addressing its causes and providing treatment
Sayeed Unisa, International Institute for Population Sciences (IIPS)
- 05-08 The changing patterns of marriage and partnerships and their effects on fertility
Julieta Quilodran, El Colegio de México

- 09-06 Adolescent pregnancy and fertility
Catherine Menkes Bancet, Centro Regional d'Investigaciones Multidisciplinarias
- 12-04 Fertility and reproductive health: examining links with the environment
Lori Hunter, University of Colorado at Boulder
- 17-05 Indirect methods of mortality and fertility estimation: new techniques for new realities
Ian M. Timaeus, London School of Hygiene and Tropical Medicine
- 17-08 Methods for projecting fertility
Patrick Gerland, United Nations Population Division (Population Estimates and Projections Section)
- 18-07 Revisiting the fertility transition: long term perspectives
Hélène Vezina, Université du Québec à Chicoutimi
- 20-04 New regional estimates of fertility in China and India
Qiang Ren, Peking University
- 20-06 Contrasting fertility patterns and explanations: East Asia compared with other low-fertility regions
Ronald R. Rindfuss, University of North Carolina at Chapel Hill

Theme 5 Marriage and union formation, families and households

05-01 Marriage and union formation, families and households Theme Convener: Shelley Clark, McGill University

- 05-02 Same-sex unions and families
Nicolas Belliot, Université de Bordeaux
- 05-03 Intergenerational transmission of demographic behavior
Sara Claire Randall, University College London
- 05-04 Family relationships beyond the household
Laurent Toulemon, Institut National d'Etudes Démographiques (INED)
- 05-05 Work-family and work-life issues
Zitha Mokomane, Human Sciences Research Council of South Africa
- 05-06 Union dissolution and remarriage
Abdellatif Lfarakh, Centre d'Etudes et de Recherches Démographiques (CERED)
- 05-07 Evolving families and child wellbeing
Céline Le Bourdais, McGill University

- 05-08 The changing patterns of marriage and partnerships and their effects on fertility
Julieta Quilodran, El Colegio de México
- 05-09 Economics of the family
Gustavo De Santis, University of Florence
- 05-10 Marriage migration, transnational couples and their families
Monica Boyd, University of Toronto
- 05-11 Intergenerational effects on health in developing countries
Victoria Hosegood, University of Southampton
- P5 Poster Session for Marriage and union formation, families and households
Shelley Clark, McGill University

See also:

- 04-07 Family dynamics and fertility: the role of men
Livia Olah, Stockholm University
- 04-11 Socioeconomic differentials in fertility and family formation
Zhenzhen Zheng, Chinese Academy of Social Sciences
- 06-08 International migration and family dynamics
Valentina Mazzucato, Maastricht University
- 07-04 Internal migration and family dynamics
Donatien Beguy, African Population and Health Research Center (APHRC)
- 08-04 Living arrangements and family support of older people
Zhenmei Zhang, Michigan State University
- 10-05 Gender, work and the family
Brígida Garcia, El Colegio de México
- 16-05 Family dynamics and educational outcomes
Marc Pilon, Institut de Recherche pour le Développement (IRD)
- 18-06 Urbanisation, economic development and family transformations from a historical perspective
Jerome Bourdieu, Institut national de la recherche agronomique (INRA) and Paris School of Economics
- 20-05 Process and dynamics of cross-border marriage
Doo-Sub Kim, Hanyang University

Theme 6 International migration

- 06-01 International migration**
Theme Convener: Alan B. Simmons, York University

- 06-02 Life course perspectives on international migration
Pau Baizan, Universitat Pompeu Fabra
- 06-03 The effects of migration on areas of destination
Vladimir Iontsev, Moscow State University
- 06-04 International migration: recent policy directions
Lama Kabbanji, Institut National d'Etudes Démographiques (INED)
- 06-05 Immigrant integration and settlement
Mary M. Kritz, Cornell University
- 06-06 Trends in skilled migration: causes and consequences
Fernando Lozano, Universidad Nacional Autónoma de México
- 06-07 The children of migrants and their transition to adulthood
Laura Bernardi, University of Lausanne
- 06-08 International migration and family dynamics
Valentina Mazzucato, Maastricht University
- 06-09 Return migration: trends and consequences
Ayman Zohry, Egyptian Society for Migration Studies
- 06-10 The effects of migration and remittances on areas of origin
Khaled Hassan, Egyptian Association of Migration Studies
- 06-11 The demographic dynamics of refugee populations: policies and programmes
Kofi Awusabo-Asare, University of Cape Coast
- P6 Poster Session for International migration
Alan B. Simmons, York University

See also:

- 03-15 Migration and health
Gordon F. De Jong, Pennsylvania State University
- 05-10 Marriage migration, transnational couples and their families
Monica Boyd, University of Toronto
- 10-04 Migration and gender
Nancy Luke, Brown University
- 14-05 Human trafficking and forced migration
Marwan Khawaja, UN-Economic and Social Commission for Western Asia
- 17-04 New techniques for estimating migration
Tom Moultrie, University of Cape Town

20-05 Process and dynamics of cross-border marriage
Doo-Sub Kim, Hanyang University

Theme 7 Internal migration and urbanization

07-01 Internal migration and urbanization

Theme Convener: Eduardo Luiz Gongalves Rios-Neto, Universidade Federal de Minas Gerais

07-02 The growing number and size of cities: causes and consequences
Danan Gu, United Nations

07-03 Internal migration and urbanization: Are patterns changing?
Yu Zhu, Fujian Normal University

07-04 Internal migration and family dynamics
Donatien Beguy, African Population and Health Research Center (APHRC)

07-05 The sustainability of mega-cities
Subramaniam Chandrasekhar, Indira Gandhi Institute of Development Research

P7 Poster Session for Internal migration and urbanization
Eduardo Luiz Gongalves Rios-Neto, Universidade Federal de Minas Gerais

See also:

03-08 Health in urban areas
Tiziana Leone, London School of Economics and Political Science

14-05 Human trafficking and forced migration
Marwan Khawaja, UN-Economic and Social Commission for Western Asia

17-04 New techniques for estimating migration
Tom Moultrie, University of Cape Town

18-06 Urbanization, economic development and family transformations from a historical perspective
Jerome Bourdieu, Institut national de la recherche agronomique (INRA) and Paris School of Economics

Theme 8 Population ageing and intergenerational relations

08-01 Population ageing and intergenerational relations

Theme Convener: Yasuhiko Saito, Nihon University

08-02 Health and ageing in low, middle and high-income countries
Mary McEniry, University of Michigan

08-03 Comparative longitudinal studies of ageing
Yaohui Zhao, Peking University

- 08-04 Living arrangements and family support of older people
Zhenmei Zhang, Michigan State University
- 08-05 Population ageing and intergenerational transfers: challenges for social welfare policies
Judith Banister, Javelin Investments
- 08-06 Labour force participation and productivity at older ages
Vegard Skirbekk, IIASA and Statistics Norway
- 08-07 The economics of population ageing
Alexia Fuernkranz-Prskawetz, Vienna Institute of Demography and Vienna University of Technology
- 08-08 National transfer accounts and what they reveal about patterns of intergenerational transfers
Andrew Mason, East-West Center
- P8 Poster Session for Population ageing and intergenerational relations
Yasuhiko Saito, Nihon University

See also:

- 15-04 [Economic development and population ageing](#)
Cassio Turra, Universidade Federal de Minas Gerais
- 16-06 [The consequences of an ageing workforce](#)
Hiroshi Kojima, Waseda University
- 20-03 [Ageing in Asia, societal and family support](#)
John E. Knodel, University of Michigan

Theme 9 Children and youth

09-01 Children and youth

Theme Convener: K.G. Santhya, Population Council

- 09-02 The effects of violence on adolescents and youth
Edith A. Pantelides, CENEP-CONICET (Argentina)
- 09-03 Social media and transition to adulthood
Yuhyun Park, Korea Institute of Population Problems
- 09-04 The determinants of health behaviours among adolescents
Deladem Kusi-Appouh, Cornell University
- 09-05 Parental and public investment in children and adolescents

Letizia Mencarini, University of Turin

- 09-06 Adolescent pregnancy and fertility
Catherine Menkes Bancet, Centro Regional d'Investigaciones Multidisciplinarias
- 09-07 Promoting sexual and reproductive health among adolescents: What works?
Annabel Erulkar, Population Council
- 09-08 The youth bulge: What are its socio-economic and political consequences?
John Bongaarts, Population Council
- P9 Poster Session for Children and youth
K.G. Santhya, Population Council

See also:

- 02-03 Reducing the vulnerability of adolescents and young people to HIV and STIs
Chi-Chi Undie, Population Council
- 03-14 Health and mortality in childhood, including differences by sex
Godelieve Masuy-Stroobant, Université Catholique de Louvain
- 05-07 Evolving families and child wellbeing
Céline Le Bourdais, McGill University
- 06-07 The children of migrants and their transition to adulthood
Laura Bernardi, University of Lausanne
- 12-02 Environmental threats to child health
Stéphanie Dos Santos, Institut de Recherche pour le Développement (IRD)
- 16-02 Early work experience and the future of youth in developing countries
Gavin W. Jones, National University of Singapore

Theme 10 Gender and population

10-01 Gender and population

Theme Convener: Alaka Basu, Cornell University

- 10-02 Prenatal sex selection
Christophe Guilmoto, Centre Population et Développement (CEPED)
- 10-03 Gender-based violence
Yanyi K. Djamba, Auburn University at Montgomery
- 10-04 Migration and gender
Nancy Luke, Brown University

10-05 Gender, work and the family
Brígida García, El Colegio de México

P10 Poster Session for Gender and population
Alaka Basu, Cornell University

Theme 11 Society and culture

11-01 Society and culture
Theme Convener: Caroline Bledsoe, Northwestern University

11-02 Social networks and demographic outcomes
Heather Booth, Australian National University

11-03 Anthropological demography
Jennifer Johnson-Hanks, University of California, Berkeley

11-04 The demography of ethnicity, culture and language
Guy Stecklov, Hebrew University

P11 Poster Session for Society and culture
Caroline Bledsoe, Northwestern University

See also:

17-14 [Collecting ethnic and racial data in censuses and surveys](#)
Patrick Simon, Institut National d'Etudes Démographiques (INED)

Theme 12 Population and the environment

12-01 Population and the environment
Theme Convener: Wolfgang Lutz, Wittgenstein Centre for Demography and Global Human Capital (IIASA, VID, WU)

12-02 Environmental threats to child health
Stéphanie Dos Santos, Institut de Recherche pour le Développement (IRD)

12-03 Population dynamics and environmental linkages
William Pan, Duke University

12-04 Fertility and reproductive health: examining links with the environment
Lori Hunter, University of Colorado at Boulder

12-05 Migration as a mode of adaptation to extreme climate events, natural disasters and environmental change
Haydea Izazola, Universidad Autonoma Metropolitana Xochimilco

- 12-06 Environmental implications of increasing affluence
Geoffrey McNicoll, Population Council
- 12-07 Impacts of environmental and climate change on health and mortality
Wolfgang Lutz, Wittgenstein Centre for Demography and Global Human Capital
(IIASA, VID, WU)
- 12-08 Population dynamics and climate change
Adrian Hayes, Australian National University
- P12 Poster Session for Population and the environment
Wolfgang Lutz, Wittgenstein Centre for Demography and Global Human Capital
(IIASA, VID, WU)

Theme 13 Biodemography

- 13-01 Biodemography**
Theme Convener: Graziella Caselli, Sapienza University of Rome
- 13-02 Biological and behavioural aspects of health and mortality
Alberto Palloni, University of Wisconsin at Madison
- 13-03 Evolutionary demography
Rebecca Sear, London School of Hygiene and Tropical Medicine
- 13-04 The genetics of health and mortality
Gil Bellis, Institut National d'Etudes Démographiques (INED)
- 13-05 Biodemography of human and non-human populations
Annette Baudisch, Max Planck Institute for Demographic Research
- P13 Poster Session for Biodemography
Graziella Caselli, Sapienza University of Rome

Theme 14 Population and human rights

- 14-01 Population and human rights**
Theme Convener: Sofia Gruskin, Program on Global Health and Human Rights, University of Southern California
- 14-02 Harmful traditional practices: female genital mutilation and other practices
Armelle Andro, Université Paris 1 Panthéon-Sorbonne
- 14-03 Ethical issues in demographic research
Romesh Silva, University of California, Berkeley
- 14-04 Right to health in developing countries

Sheikh Mohammed Shariful Islam, International Center for Diarrhoeal Diseases Research, Bangladesh (ICDDR,B)

- 14-05 Human trafficking and forced migration
Marwan Khawaja, UN-Economic and Social Commission for Western Asia
- 14-06 Population policies and human rights
Sofia Gruskin, Program on Global Health and Human Rights, University of Southern California
- P14 Poster Session for Population and human rights
Sofia Gruskin, Program on Global Health and Human Rights, University of Southern California

Theme 15 Population and development

15-01 Population and development

Theme Convener: David Lam, University of Michigan

- 15-02 Demographic impacts of economic crises
Vladimir M. Shkolnikov, Max Planck Institute for Demographic Research
- 15-03 Demographic windows of opportunity and economic growth
Roberta Pace, University of Bari
- 15-04 Economic development and population ageing
Cassio Turra, Universidade Federal de Minas Gerais
- 15-05 Financing universal health care in developing countries
Gilda Salvacion Diaz, Philippine Health Insurance Corporation
- 15-06 Population and poverty
Monica Das Gupta, World Bank Group (retired)
- 15-07 The relevance of population for the achievement of the Millennium Development Goals
John Cleland, London School of Hygiene and Tropical Medicine
- P15 Poster Session for Population and development
David Lam, University of Michigan

See also:

[20-02 Population and development in East Asia](#)
Myoung Ock Ahn, CHA University

Theme 16 Education and labour force

16-01 Education and labour force

Theme Convener: Cynthia Lloyd, Independent Consultant

16-02 Early work experience and the future of youth in developing countries
Gavin W. Jones, National University of Singapore

16-03 Education and social mobility
Parfait M. Eloundou Enyegue, Cornell University

16-04 Inequalities in education
Moses Oketch, University of London

16-05 Family dynamics and educational outcomes
Marc Pilon, Institut de Recherche pour le Développement (IRD)

16-06 The consequences of an ageing workforce
Hiroshi Kojima, Waseda University

P16 Poster Session for Education and labour force
Cynthia Lloyd, Population Council

See also:

05-05 Work-family and work-life issues
Zitha Mokomane, Human Sciences Research Council of South Africa

08-06 Labour force participation and productivity at older ages
Vegard Skirbekk, IIASA and Statistics Norway

10-05 Gender, work and the family
Brígida Garcia, El Colegio de México

Theme 17 Demographic methods and data

17-01 Demographic methods and data

Theme Convener: Luis Rosero Bixby, Universidad de Costa Rica

17-02 Assessing quality in qualitative research
Monique Marcelle Hennink, Emory University

17-03 Data quality in demographic surveys
Bruno Schoumaker, Université Catholique de Louvain

17-04 New techniques for estimating migration
Tom Moultrie, University of Cape Town

- 17-05 Indirect methods of mortality and fertility estimation: new techniques for new realities
Ian M. Timaeus, London School of Hygiene and Tropical Medicine
- 17-06 Formal demography, innovative methodologies, and their applications
Michel Guillot, University of Pennsylvania
- 17-07 Advances in population projections
Thomas Buettner, German Foundation for World Population (DSW)
- 17-08 Methods for projecting fertility
Patrick Gerland, United Nations Population Division (Population Estimates and Projections Section)
- 17-09 Methods to project mortality, including by considering causes of death
John R. Wilmoth, University of California, Berkeley
- 17-10 Projecting contraceptive prevalence and unmet need
Jean Christophe Fotso, African Population and Health Research Center (APHRC)
- 17-11 Life-course methodology
Eva Lelièvre, Institut National d'Etudes Démographiques (INED)
- 17-12 Methods for assessing cause and effect in population sciences
George B. Ploubidis, London School of Hygiene and Tropical Medicine
- 17-13 Foetal mortality: changes in depictions and procedures over time and their implications
Vincent Gourdon, Centre National de la Recherche Scientifique
- 17-14 Collecting ethnic and racial data in censuses and surveys
Patrick Simon, Institut National d'Etudes Démographiques (INED)
- P17 Poster Session for Demographic methods and data
Luis Rosero Bixby, Universidad de Costa Rica

Theme 18 Historical demography

- 18-01 Historical demography**
Theme Convener: Diego Ramiro Fariñas, Institute of Economics, Geography and Demography, Center for Humanities and Social Sciences, Spanish Council for Scientific Research
- 18-02 Demographic behaviour of colonial populations
Raquel Gil-Montero, CONICET
- 18-03 Health and urban mortality experience before and throughout the health transition

Lucia Pozzi, Università degli Studi di Sassari

- 18-04 Historical demography of East Asia from household registers
Cameron Campbell, University of California, Los Angeles
- 18-05 History of demography as a discipline 1945-2013
Faujdar Ram, International Institute for Population Sciences (IIPS)
- 18-06 Urbanisation, economic development and family transformations from a historical perspective
Jerome Bourdieu, Institut national de la recherche agronomique (INRA) and Paris School of Economics
- 18-07 Revisiting the fertility transition: long term perspectives
Hélène Vezina, Université du Québec à Chicoutimi
- 18-08 Indirect estimation of age: applications in paleo-, medieval and contemporary demography
Isabelle Seguy, Institut National d'Etudes Démographiques (INED)
- 18-09 Causes and consequences of the baby boom
Jan Van Bavel, University of Leuven
- P18 Poster Session for Historical demography
Diego Ramiro Fariñas, Institute of Economics, Geography and Demography, Center for Humanities and Social Sciences, Spanish Council for Scientific Research

Theme 19 Spatial demography

- 19-01 Spatial demography**
Theme Convener: Martin Bell, University of Queensland
- 19-02 Depopulation at the subnational level: causes and implications
Natalie Jackson, University of Waikato
- 19-03 Spatial approaches to demographic analyses
Deborah Balk, CUNY Institute for Demographic Research, City University of New York
- 19-04 Neighbourhood effects and demographic outcomes
Mark Montgomery, Population Council
- P19 Poster Session for Spatial demography
Martin Bell, University of Queensland

Theme 20 Population and policy challenges in East Asia

20-01 Population and policy challenges in East Asia

Theme Convener: Myoung Ock Ahn, CHA University

20-02 Population and development in East Asia

Myoung Ock Ahn, CHA University

20-03 Ageing in Asia, societal and family support

John E. Knodel, University of Michigan

20-04 New regional estimates of fertility in China and India

Qiang Ren, Peking University

20-05 Process and dynamics of cross-border marriage

Doo-Sub Kim, Hanyang University

20-06 Contrasting fertility patterns and explanations: East Asia compared with other low-fertility regions

Ronald R. Rindfuss, University of North Carolina at Chapel Hill

20-07 Health of immigrant populations in East Asia

Robert A. Hummer, University of Texas at Austin

P20 Poster Session for Population and policy challenges in East Asia

Myoung Ock Ahn, CHA University

See also:

18-04 [Historical demography of East Asia from household registers](#)

[Cameron Campbell, University of California, Los Angeles](#)

Theme 21 Training

21-01 Demographic training: challenges and new approaches

Graziella Caselli, Sapienza University of Rome
